CRAFTS

ESCAPED SHEEP ROUND-UP

What You Need:

- Paper
- Scissors
- Straws (not bendy)
- Markers

What You Do:

- Step 1: Watch the video. This is a simple craft, but it's easier to see how to fold in the video than in written instructions.
- Step 2: Have kids cut the paper into 1-inch strips that are about 8 inches long. Begin folding. Fold the strip of paper in half into a V-shaped paper. (Holding the paper open with the crease in the center.)
- Step 3: Fold one end of the paper to the center. Keeping that piece folded, fold the strip of paper in half again. Repeat the process with the other half.
- Step 4: Using scissors, round the short edge of your "sheep." It will look more like a worm than a sheep.
- Step 5: Have kids draw a face on one end of their "sheep."
- Step 6: The paper sheep should look arched. Have kids place the "sheep" on a table and blow air on the top of the arch using a straw. The paper should scoot forward. The kids can "chase" their sheep around the table.
- Step 7: Let kids race their sheep. Set up a table with a starting line and a finish line, with some obstacles for them to navigate around. Kids can try to get their "lost sheep" back to its "home" across the finish line.

What You Say:

"How much does Jesus love you? (allow for responses) Jesus loves you so much. In our lesson today, we learned that He would go out, search, and find anyone who is lost. He loves everyone that way. When you get home and play with your "lost sheep," remember that Jesus loves you as much as the shepherd loved his sheep. **[Make it Personal]** **(Tell a story of a time when you felt deeply loved by God because of someone else.)** Was there a time when you felt extra loved by God because of something someone else did? (allow for responses) You can make a difference in someone's life by loving them the way Jesus does. Let's say today's **[Bottom Line]** together: **"I can have confidence because I can change."**
